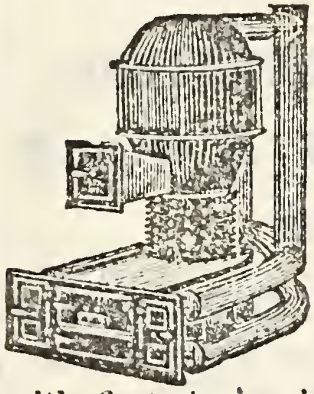
HERMAN'S
FURNACE ESTABLISHMENT.

The subscriber offers for sale, at Wholesale or Retail, his celebrated

Premium Hot-Air Furnaces

FOR COAL OR WOOD,



In which recent improvements have been made, rendering them, in simplicity of construction and ease of management, in durability and efficiency, as well as in all other qualities going to constitute a perfect Furnace, vastly superior to any other kind offered for sale in this market. The large number recently put into Model School Houses, Churches, Seminaries, Court Houses, Hospitals, Banks, and other edifices, erected for charitable, benevolent, or scientific purposes, together with first-class private dwellings, proves their superiority, and t' ppreciation of their merits by the public.

Atte. on is also called to a large assortment of

Improved Cooking Ranges,

the best in the market;

Portable Furnaces; English Parlor and Chamber Grates; Flat-Heater Stoves; Chimney Tops; Room and Roof Ventilators; Iron, Bronzed, Enamelled, and Plated Registers; Parlor, Office, and Cooking Stoves; Rumford Ovens; and Cooking Apparatus generally.

SINGER'S SEWING MACHINES.

These Machines have an established reputation all over the civilized world. Some of their main practical advantages over other machines, for similar purposes, are as follows:

1st. They are superior in mechanical workmanship. No attempt has ever been made at expensive ornamentation, but all the working parts of our machines are made with the highest possible finish, without regard to the cost.

2d. They are more profitable to the buyers than any other. The fair average clear profit of one of these machines, regularly employed, is ONE THOUSAND DOLLARS A YEAR.

3d. They are universal in their application to practical work. With the same machine fine muslin may be stitched with the finest cotton thread, every description of tailoring work be done, and shoes, harness, or other leather-stitching executed, and each of these kinds of work is performed better than by any other machine.

4th. They are more durable and less liable to get out of order than any other. This results necessarily from their perfect contrivance and construction.

5th. Whoever buys one of our machines knows to a certainty that it will perform the work required.

6th. Our machines make a fast stitch that will neither rip, ravel, nor pull out.

In order to place the best Family Machines in the world within the reach of all, we have reduced our Letter A, or TRANSVERSE SHUTTLE MACHINES, beautifully ornamented, to $50.

SINGER'S NO. 1 & 2 STANDARD SHUTTLE MACHINES, both of very general application and capacity, and popular both in the family and manufactory. Prices reduced respectively from $135 and $150 to 90 and $100.

SINGER'S NO. 3 STANDARD SHUTTLE MACHINE, for Carriage-makers and heavy leather work. Price, complete, $125. Also, to complete the list, an

ENTIRELY NEW ARTICLE, unequalled for manufacturing purposes; Noiseless, Rapid, and capable of every kind of work! Price (including iron stand and drawers), $110,—cheaper at that, in view of its value, than the machines of any other maker as a gift.

☞ All persons wishing full information about Sewing Machines, Prices, Sizes, &c., can obtain it by applying at either of our offices, by letter, for a copy of L. M. Singer & Co.'s Gazette, a paper entirely devoted to the subject. It will be sent gratis. I. M. SINGER & CO.

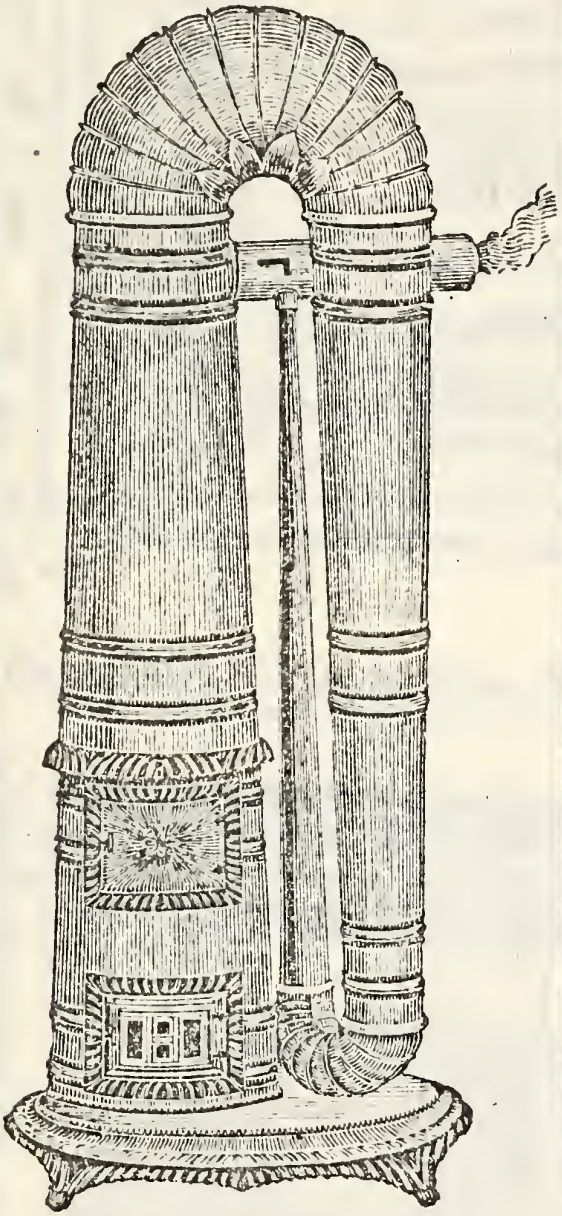
A CHALLENGE TO THE WORLD!

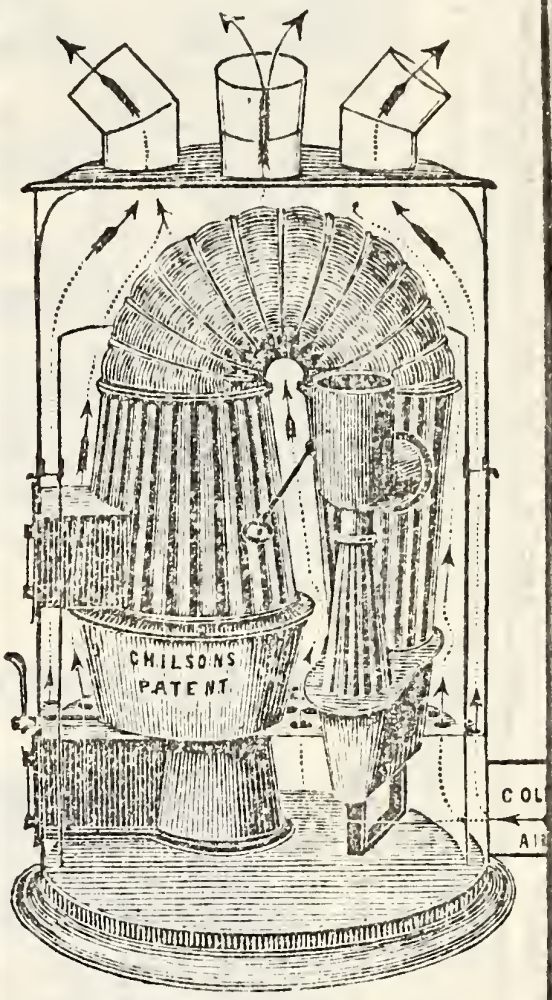
CHILSON'S
PATENT TRIO STOVE.



SIX SIZES.

The cut of this remarkably economical Stove will enable every intelligent mind to comprehend, at once, the great economy in fuel secured by this strictly philosophical invention. Its extensive use has PROVED, and we can safely WARRANT a saving of FIFTY PER CENT. in fuel over any other plan of Stove known.

CHILSON'S PATENT
Trio Portable Furnac



THREE SIZES.

This Furnace is the same in principl the Trio Stove. We warrant a savin FIFTY PER-CENT. in fuel over the c mon Portable Furnaces. It is made of s stantial heavy castings, and is not liable rust and burn out, or leak gas, as is the c with the common portable furnaces, m partially of sheet iron.

Stoves, Furnaces, Range Mantels, Grates, Registers Ventilators, &c., as usual.

Special attention given to warming a ventilating buildings.

Cooking Range.

CHILSON'S CONE FURNACE.

FIVE SIZES.

Gold Medal awarded the above by the Mass. Charitable Mech. Association at their late Fair.

Patented in U. States, France, and England.

Chilson's Double-Oven Cooking Range.

With or without Bath Boilers and Hot Air Fixtures.

Those requiring RANGES for Dwellings, Hotels, &c., should not fail of examining these Ranges before purchasing elsewhere, if they wish to be sure of getting the BEST RANGE IN USE. Sizes adapted to all classes of buildings. Special attention paid to setting Furnaces and Ranges.

GARDNER CHILSON, 99 and 101 Blackstone St., Boston.

BOUDOIR
SEWING MACHINE.

Daniel Harris, inventor and patentee.

This Machine is now offered to the public, improved as a

DOUBLE-THREAD MACHINE,

making the justly celebrated GROVER & BAKER STITCH, that will not slip though every fourth stitch be cut. It is the BEST MACHINE making the above stitch by authority of the Grover & Baker Sewing Machine Company, at the low price of

FORTY DOLLARS.

The above Machine is, with this improvement, the best low-priced Machine now before the public, and all persons desirous of purchasing are requested to give it a careful examination before purchasing elsewhere. It is truly a Family Machine, and will perform more work in one hour than the best seamstress in one day, and do it better.

A new HEMMER, which stitches the hems upon the RIGHT SIDE, of any width, and a new gauge for straight sewing, with which you cannot fail to sew a straight seam, adapted to any sewing machine, is also offered.

MACHINES TO LET,

With privilege of purchasing.

WOODLAWN CEMETERY.

This Corporation was organized August 31, 1850, to prepare a Rural Cemetery of the first class. The extent of ground is about the same as at Mount Auburn, and inclosed with a chestnut fence about seven feet high. The Gothic gate-house and lodge at the entrance, the ponds and fountains, the tower and receiving tombs, are worthy of notice. At present, visitors are admitted without tickets. Lots are sold in fee-simple and are not subject to taxes or attachment, or to any assessment.

Trustees.—James Adams, Charlestown, President; Jacob Sleeper, Boston; I. Tisdale Bradlee, Boston; Thomas Wigglesworth, Jr., Boston; Albert C. Bowker, East Boston; Geo. W. Warren, Charlestown; Thomas Greenleaf, Charlestown; Daniel A. Wise, Malden; Isaac Stebbins, Chelsea. H. Weld Fuller, U. S. Court House, Boston, Treasurer. Simon Levi, Secretary. James Cruickshanks, Woodlawn, Superintendent.

☞ At present the best mode of reaching Woodlawn is by Washington avenue. Distance two miles from the Ferry. This is the shortest but most hilly route. By taking the Malden road, so called, the hills are avoided, without much increase of distance. A Woodlawn Omnibus leaves Chelsea, in summer, daily, in connection with the cars of the Chelsea Horse Railroad from Boston.

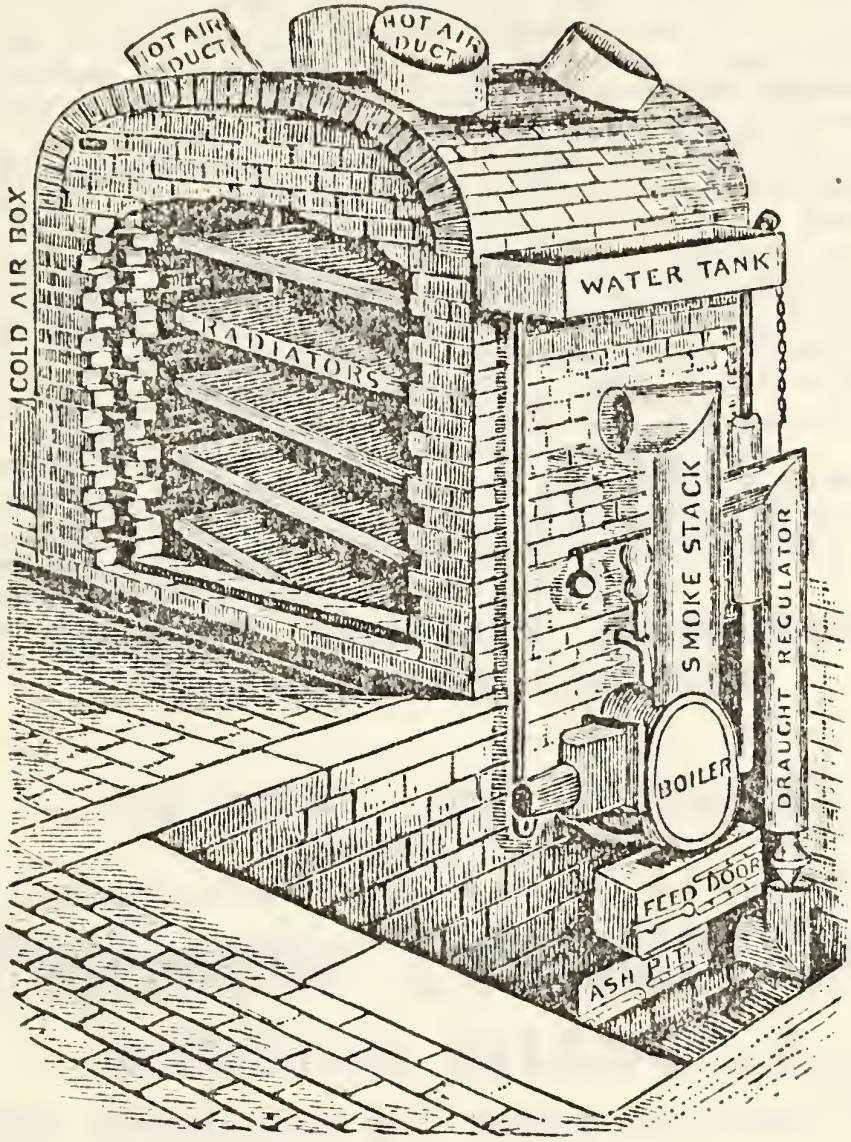
The New Steam Heater.

Patented by C. A. Dickerman, July 20, 1858.

N. B. Furnaces can be exchanged, and will be taken in part as payment for the steam apparatus.



All kinds of steam apparatus repaired. Gas fitting, plumbing, &c.

DESCRIPTION.

The above cut represents the Heater as placed in the cellar, with a part of the side wall taken out, and showing the Radiators, Boiler, Hot-air Chamber, &c.

This Heater possesses many advantages over any other yet offered to the public; prominent among them are,

1st. The provision it makes for the *best* and most thorough ventilation, by supplying itself with a current of *pure air from without*, then passing it between the Radiators, where it takes

on its load of caloric, and thence directly to the apartments to be warmed....2d. It disfigures none of the apartments of a pleasant dwelling with unsightly objects, and occupies no room in them which would otherwise be used for purposes of ornament or convenience....3d. The cost of construction is less than that of any other Steam or Hot Water apparatus of the same capacity, and, considering its durability and safety, it is unquestionably one third cheaper than any other Steam Heater....4th. Economy in the consumption of fuel is secured by the entire combination and arrangement of its parts, preventing all unnecessary combustion, and securing an equal distribution of the heat generated....5th. The ease with which it is managed. It is almost incredible how little care and labor is required in the use and management of this apparatus after it is once put in operation....6th. The entire absence of dripping dirty water, smoke, coal gas, &c., so commonly attendant upon the various heating contrivances.

Persons wishing information in regard to the cost of putting up these Heaters, may obtain it by sending to the manufacturer a general plan of the building to be warmed, giving the size of the rooms, height of stories, &c.

MAYNARD & NOYES'S
BLACK WRITING INK.

Testimony of Parties who have used it for more than a quarter of a century.

REGISTRY OF DEEDS OFFICE,
Boston, Jan. 10, 1859.

MESSRS. MAYNARD & NOYES: GENTLEMEN—I am glad that longer use of your Writing Ink enables me to repeat the testimony given in its favor many years ago. I have used it in this office thirty-seven years, and my oldest records are as legible and black as when first written. This rare quality for permanence renders it invaluable for State and County Records, and all mercantile purposes, where it is important that the writing should remain legible and unchanged in color by the lapse of time. HENRY ALLINE, Register of Deeds.

BOWDOIN PUBLIC SCHOOL.
Boston, Jan. 7, 1857.

MESSRS. MAYNARD & NOYES: GENTLEMEN—I have used your ink in the Writing Department of this School the past thirty years, and take great pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.
JAMES ROBINSON, Writing-Master.

MAYNARD & NOYES'S COPYING INK.

This Ink yields a copy as distinct and perfect as the original. It also combines all the properties of our writing ink, for which it can be substituted.

Maynard & Noyes's Carmine Ink.

This article is a beautiful red or crimson color, and surpassingly brilliant and rich. It is free from sediment, and will not mould, fade, or turn dark by exposure to the air.

The above popular Inks, together with Red, Blue, Indelible and Stencil Ink, Chemical Writing Fluid, Ink Powder, &c, are for sale by the manufacturers in Boston, and by all Stationers and Booksellers.
